#### FOR PRESIDENT, GROVER CLEVELAND OF NEW YORK. FOR VICE PRESIDENT,

THOS. A. HENDRICKS, OF INDIANA.

THE STATE TICKET FOR 1884. HUGH S. THOMPSON. Tientenant-Governor.

JOHN C. SHEPPARD. Secretary of State,
JAMES N. LIPSCOMB. Attorney General, CHARLES RICHARDSON MILES, State Treasurer JOHN PETER RICHARDSON. Comptroller General, WILLIAM E. STONEY. Superintendent of Education, ASBURY COWARD. Adjutant and Inspector General,
A. M. MANIGAULT.

We hope all of our citizens will attend the meeting in Anderson on Wednesday night. It will be the only chance they will have to see and hear the candidates before the primary election.

JAMES L. ORR.

For Congress, 3rd District. D. WYATT AIKEN.

We are requested to announce that there will be a meeting of the citizens of Centerville Township at 3 o'clock, this (Thursday) afternoon, at Hunters Spring, to hear the candidates before the Primary election. Every citizen of the vicinity is urged to be present, and all of the candidates are invited to address the h meeting.

The Democratic and Greenback State central committees of Iowa have held s secret session and decided to make a fusion on the electoral ticket, the Greenbackers taking six and the Democrats seven of the candidates for electors. This action of the Democrats of Iowa deserves defeat for them. There is no principle in combining with the advocates of Butlerism in order to divide a State vote in the electoral college. Fortunately these fusions will not occur in any State in which the Democrats have might vote to suit the people on the any chance of victory.

The Kennebec Journal to morrow will say: "Much feeling has been excited in this community by an event of extraordinary character. In the well known cemetery lot of the Stanwood family an infant son of Mr. and Mrs. Blaine lies build died in July 1854 a prohibition law, or to repeal the railroad law, or any other matter of equal importance. There is great indignation among all classes of people over the sacriligious act."

This desecration cannot be charged to political motives, for it is an act of vandalism which could not possibly benefit any opposing party to Mr. Blaine. In view of the scandal recently published against Mr. Blaine it is unfortunate that the date referred to should have been chiseled away, for it might be of importance to him to have the date authenticated by the monument. It could not be of any value to his political opponents to erase the date, while it might be desirable for Mr. Blaine to have it suppressed. It will not, therefore, do for Mr. Blaine to pose as a persecuted man in this way, for it is not in the line of human action for his political enemies to have indulged in such a dastardly action. It is more probable that some party friend has done it to arouse a sympathy for Mr. Blaine. or for some other purpose.

Little by little the fearful sufferings of the Greely exploring party are coming to light, and shocking exposures of want and the horrible consequences are coming to light. One of the party, however, private Henry, was shot by order of Lieutenant Greely for stealing the provisions of the party, to which act he was doubtless driven by the dire promptings of hunger. It was, however, necessary for the preservation of the party that every resource should be husbanded, and therefore any man who prevented this economy was a public enemy, and his death under the circumstances was a necessity. The saddest part of the tale, however, is the fact that the survivors of this fated party are conclusively proven to have been guilty of cannibalism as a means of subsisting during their terrible experience, and as their companions died the flesh was taken from their limbs and bodies for the living to maintain life upon. There is nothing to show that there was any foul play in the party, but the revolting fact remains that these brave men sent out by our Government al and State politics. This is a good in the interest of science were forced by time for him to correct his former error, the dire extremities of famished nature and we do not believe that he will so far in Congress, died in New Orleans last suicide was regarded as conclusive proof

## Mormon Massacre.

NASHVILLE, TENN., August 14 .- A dispatch from Centerville confirms the murder of the Mormons in Lewis county by masked men last Sunday morning. The raiding party numbered about forty. Thirteen attacked the house of Martin Condor, where a Mormon meeting was in progress. Forcing the door, they were encountered by Condor armed with a gun. In an effort to disarm him one of the raiders was struck with the gun unmasking him, but he drew his pistol and shot again by one of the party, with buckshot and instantly killed. At the same time another of the attacking party fired upon a Mormon elder named Gibbs, who was partly hidden behind the wife of Condor, killing Gibbs and severely wounding Mrs. Condor in the thigh. A gentleman in New York City has received the following letter from Gov. Cleveland's private secretary, in answer to one written on Saturday deprecating private slander as a political means, and notifying the Governor of threats to publish statements charging immoralities in early life upon Mr. Blaine, and asking his aid, in the interest of public decency, to discountenance that kind of warfare. The threatened publication having been made at Chicago on Sunday, the receiver has sent the letter of Col. Lamont to the press. It is as follows: "ALBANY, N. Y., Aug. 12.

DEAR SIR: In his absence from Alpany it is due that I should say in answer to your letter that Gov. Cleveland has most earnestly and persistently protested against the publication of the matter to which you refer. In respect to any proposition of the sort that has come to his knowledge, he has insisted that he and his supporters might better be defeated than succeed by attacking the private life of the opposing candidates."
